Balmain Discrete Mortgage Income Trusts

ARSN 155 909 176

Notes to the financial statements

For the year ended 30 June 2015

1 Reporting entity

Balmain Discrete Mortgage Income Trusts is a registered managed investment scheme under the Corporations Act 2001. The financial report of the Trust is for the year ended 30 June 2015.

2 Basis of preparation

(a) Statement of compliance

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (AASBs) (including Australian Interpretations) issued by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial report of the Trust complies with International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB).

New and revised accounting standards applicable for the first time to the current reporting period

The financial report has been prepared in accordance with accounting standards adopted in the Trust's last annual financial statements for the year ended 30 June 2014, except for the application of the following standards as of 1 July 2015:

- *AASB 2013-5 Amendments to Australian Accounting Standards – Investment Entities*

The effects of applying these standards are described below.

AASB 2013-5 Amendments to Australian Accounting Standards – Investment Entities

AASB 2013-5 provides an exemption from consolidation of subsidiaries for entities that meet the definition of an "investment entity", such as certain investment funds. Instead, such entities would measure their investments in particular subsidiaries at fair value through profit and loss.

The adoption of AASB 2013-5 has had no significant impact on the Group's accounting policies, or the amounts reported during the current year.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except where otherwise stated.

The basis of measurement for the entity's assets and liabilities are detailed in the accounting policies of Note 3.

(c) Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Trust's functional currency.

The Trust is of a kind referred to in ASIC Class Order 98/100 and in accordance with that Class Order, all financial information presented in Australian dollars has been rounded to the nearest thousand dollars unless otherwise stated.

Balmain Discrete Mortgage Income Trusts
ARSN 155 909 176
Notes to the financial statements
For the year ended 30 June 2015

2 Basis of preparation (continued)

(d) Use of estimates and judgements

The preparation of financial statements requires management to make adjustments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, unless otherwise stated in the following text.

(a) Revenue recognition

(i) Interest income

Interest income is recognised in the Statement of Profit and Loss and Other Comprehensive Income on an effective interest rate basis.

(ii) Other income

Other income is recognised in the Statement of Profit and Loss and Other Comprehensive Income when the right to receive the revenue has been established.

(b) Expenses

(i) Responsible Entity fees

Fees payable to the Responsible Entity are recognised in the Statement of Profit and Loss and Other Comprehensive Income on an accruals basis. Fees relating to specific events or transactions are charged upon completion or occurrence of the relevant service or event.

(ii) Other operating expenses

All other operating expenses are recognised in the Statement of Profit and Loss and Other Comprehensive Income on an accruals basis.

(c) Taxation

Under current legislation, the Trust is not subject to income tax as its taxable income, including assessable realised capital gains, is distributed in full to the unit holders.

The Trust fully distributes its distributable income, calculated in accordance with the Trust Constitution and applicable taxation legislation, to unit holders who are presently entitled to the income under the Trust's Constitution.

(d) Goods and services tax

Responsible Entity fees, custody fees and other expenses are recognised net of the amount of goods and services tax (GST) recoverable from the Australian Taxation Office (ATO) as a reduced input tax credit (RITC).

Payables are stated with the amount of GST included.

The net amount of GST recoverable from the ATO is included in receivables in the Statement of Financial Position.

GST is included in the statement of cash flows on a gross basis.

For the year ended 30 June 2015

3 Significant accounting policies (continued)

(e) Financial instruments

(i) Classification

Financial instruments comprise:

- Financial assets that are classified as loans and receivables.
- Financial liabilities that are at fair value through profit or loss.

(ii) Recognition

The Trust recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

Financial instruments are recognised using trade date accounting. From this date any gains and losses arising from changes in the fair value of the financial assets or financial liabilities are recorded in profit or loss in the period in which they arise.

(iii) Measurement

Financial instruments are measured initially at fair value (transaction price) plus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial instruments are amortised over the contractual term of the instrument.

Subsequent to initial recognition, all instruments classified at fair value through profit or loss are measured at fair value with changes in their fair value recognised in profit or loss.

Mortgage loans and receivables are carried at amortised cost using the effective interest rate method.

Financial liabilities, other than those at fair value through profit or loss, are measured at amortised cost using the effective interest rate.

Receivables are due for settlement no more than 30 days from the date of recognition. Collectability of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful debts is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The amount of the provision is recognised in the Statement of Profit or Loss and Other Comprehensive Income.

Financial liabilities arising from the redeemable units issued by the Trust are carried at the redemption amount representing the investors' right to a residual interest in the Trust's assets, effectively fair value at reporting date.

Balmain Discrete Mortgage Income Trusts
ARSN 155 909 176
Notes to the financial statements
For the year ended 30 June 2015

3 Significant accounting policies (continued)

(e) Financial instruments (continued)

(iv) Interest income and expense

Interest income and expense is recognised in profit or loss as it accrues, using the effective interest method of the instrument calculated at the acquisition or origination date. Interest income and expense includes the amortisation of any discount or premium, transaction costs or other differences between the initial carrying amount of an interest-bearing instrument and its amount at maturity calculated on an effective interest basis. Interest income is recognised on a gross basis, including withholding tax, if any.

Interest income on debt instruments at fair value through profit or loss is accrued using the effective interest method and classified to the Interest income line item within the Statement of Profit or Loss and Other Comprehensive Income.

(v) Derecognition

The Trust derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition in accordance with AASB 139.

The Trust uses the weighted average method to determine realised gains and losses on derecognition of financial assets not at fair value.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

(vi) Impairment

Financial assets that are stated at amortised cost are reviewed at each reporting date to determine whether there is objective evidence of impairment. If any such indication exists, impairment testing is carried out and an impairment loss is recognised in the profit or loss as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate.

If in a subsequent period the amount of an impairment loss recognised on a financial asset carried at amortised cost decreases and the decrease can be linked objectively to an event occurring after the write-down, the write-down is reversed through the profit or loss.

(f) Cash and cash equivalents

Cash comprises current deposits with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

(g) Unit prices

The unit price is based on unit price accounting outlined in the Trust's Constitution and PDS.

ARSN 155 909 176
Notes to the financial statements
For the year ended 30 June 2015

3 Significant accounting policies (continued)

(h) Finance costs

Distributions paid and payable on units are recognised in the profit or loss as finance costs and as a liability where not paid. Distributions paid are included in cash flows from financing activities in the Statement of Cash Flows.

(i) New standards and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2015 reporting periods and have not been early adopted by the Trust. The director's assessment of the impact of these new standards (to the extent relevant to the Trust) and interpretations is set out below:

AASB 9 Financial Instruments (effective from 1 January 2018)

AASB 9 Financial Instruments addresses the classification, measurement and derecognition of financial assets and liabilities. The standards is not applicable until 1 January 2018 but is available for early adoption.

There will be no impact on the Trust's accounting for liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the Trust does not have any such liabilities. The derecognition rules have been transferred from AASB 139 Financial Instruments: Recognition and Measurement and have not been changed. The Trust has not yet decided when to adopt AASB 9.

AASB 15 Revenue from Contracts with Customers (effective 1 July 2017)

AASB 15 Revenue from Contracts with Customers replaces AASB 118 Revenue, AASB 111 Construction Contracts and some revenue-related Interpretations. The main changes are:

- establishment of a new revenue recognition model.
- changes to the basis for deciding whether revenue is to be recognised over time or at a point in time.

The entity is yet to undertake a detailed assessment of the impact of AASB 15. However, based on the entity's preliminary assessment, the Standard is not expected to have a material impact on the transactions and balances recognised in the financial statements when it is first adopted for the year ended 30 June 2018.

11 Net assets attributable to unitholders

The Trust considers its capital to be unitholders' Funds. The Trust manages its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability.

The objective of the Trust is to provide unitholders with returns in accordance with the PDS. The Trust aims to deliver this objective mainly through investing in mortgage loans.

The Trust strives to invest in products that meet the Trust's investment objectives while maintaining sufficient liquidity to meet unitholders' redemptions.

General terms

All units have the same rights to income. In the event of a wind-up of the Trust, each unit is entitled to a pro-rata share of the net assets of the Trust.

Class B Units

Class B units do not have any voting rights attaching to them and can be redeemed earlier than the repayment of the mortgage loans.

Class L units

Class L units have the same voting rights of one vote for each unit held. They are only able to be redeemed when the underlying loan in the sub-trust has been repaid.

Cash units

Cash units have the same voting rights of one vote for each unit held. They are able to be redeemed upon 7 days' notice to the Investment Manager.

13 Related party disclosures (continued)

Key management personnel

The Trust does not employ personnel in its own right. However it is required to have an incorporated Responsible Entity to manage the activities of the Trust. The directors of the Responsible Entity are key management personnel of that entity and their names are:

<i>Name</i>	<i>Appointed</i>
Michael Holm (Director)	8 December 2008
Andrew Griffin (Director)	8 December 2008
Victoria Pickles (Director)	30 June 2009 (resigned 11 August 2014)
John Robles (Director)	11 August 2014

Remuneration of directors of the Responsible Entity

Remuneration of the directors is paid directly by the Responsible Entity. The directors are not provided with any remuneration by the Trust itself, and there are no agreements in place between the directors and the Trust to this effect.

The Responsible Entity determines remuneration levels and ensures they are competitively set to attract and retain appropriately qualified and experienced directors.

Management fees and other transactions

The fees paid or payable by the Trust to the Responsible Entity and management fees paid or payable to Balmain Funds Management Pty Limited, the Trust manager during the year

	2015	2014
	\$	\$
Management fees	144,794	50,539
Performance fees	36,478	28,157

Total	<u>186,370</u>	<u>80,324</u>
The following amounts are included in payables as management fees at reporting date	<u>44,923</u>	<u>28,094</u>

The fees charged to the Trust during the financial year include those charged by the Responsible Entity directly for the management of the assets, plus investment manager, registry and custodial fees.

Expenses excluded are those that would have ordinarily been incurred by a direct investor in the underlying assets of the Trust, such as brokerage, transaction costs and government expenses.

Responsible Entity's holdings of units

Balmain NB Corporation Limited holds 72,100 loan units in the Trust. Balmain (MWMT) Mortgage Trust indirectly holds 648,900 loan units in the Trust. Balmain Fund Administration Limited as Responsible Entity of the Trust indirectly holds units in Balmain Discrete Mortgage Income Trusts. As at 30 June 2015 no key management personnel held units in the Trust. Details of these related party unit holdings are discussed below.

Related party transaction

The terms and conditions of the transactions with directors and their director related entities were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-director related entities on an arm's length basis.

Other transactions within the Trust

Apart from those details disclosed in this note, no director has entered into a material contract with the Trust during the period and there were no material contracts involving directors' interests subsisting at period end.

14 Financial instruments

The Trusts' investing activities expose it to the following risks from its use of financial instruments:

- market risk
- credit risk
- liquidity risk

The nature and extent of the financial instruments employed by the Trust are discussed below. The Responsible Entity has overall responsibility for the establishment and oversight of the Trust's risk management framework.

This note presents information about the Trust's exposure to each of the above risks, the Trust's objectives, policies and processes for measuring and managing risk.

Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Trust's income or value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

Interest rate risk

Interest rate risk consists of cash flow interest rate risk (the risk that future cash flows of a financial instrument will vary due to changes in market interest rates) and fair value interest rate risk (the risk that the value of a financial instrument will vary due to changes in market interest rates).

Management of interest rate risk

The Trust's interest bearing financial assets mature or reprice in the short-term, no longer than twelve months. As a result, the Trust is subject to limited exposure to fair value interest rate risk due to the fluctuations in the prevailing levels of market interest rates. Any excess cash and cash equivalents of the Trust are invested in cash management accounts that are at call.

As the Trust does not hold any equity investment or assets and liabilities in foreign currencies, the Trust does not consider that it has exposure to equity price risk or currency risk.

Credit risk

Credit risk is the risk of financial loss to the Trust if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Management of credit risk

The Trust invests in loans in Australian capital cities and regional centres secured by registered first mortgages.

The Trust is required to implement credit policies, procedures and lending guidelines set out by the Board of Directors of the investment management company, Balmain Funds Management Pty Limited with formalised loan approval authorities in place.

The BFAL and Balmain Funds Management Boards have established a Credit and Investment Committee ("CIC") for the Trust. The CIC is responsible for the assessment and approval of loan transactions in accordance with Trust lending guidelines and lending authorities.

The directors of the Responsible Entity retain overall responsibility for the quality and performance of the Trust's credit portfolios and for monitoring and controlling all credit risks in the Trust's loans. A lending system is in place to enable the Trust to control and monitor credit risk exposures.

Credit exposure

The carrying amount of the Trust's financial assets represents the maximum credit exposure before taking into account any collateral held or other credit enhancements unless such credit enhancements meet the offsetting requirements.

The Trust's maximum exposure to credit risk at the reporting date was:

	Credit rating	30 June 2015 \$'000	30 June 2014 \$'000
Cash and cash equivalents	AA	2,961	1,039

Past due 61-90 days	-	-	-	-
Past due more than 90 days	-	-	-	-
	12,347	-	15,790	-

Collateral and other credit enhancements

The Trust's loan assessment policy is fundamentally based on collateral, debt repayment capacity and credit standing. Collateral can be an important mitigation of credit risk and the majority of the loan to valuation ratio ("LVR") is up to 70% at acceptance and confirmed via compliance sign off prior to settlement of the advance.

The Trust is required to implement guidelines on the acceptability of specific classes of collateral or credit risk mitigation, and determine suitable valuation parameters. Such parameters are expected to be conservative, reviewed regularly and supported by empirical evidence. Security structures and legal covenants are required to be subject to regular review to ensure that they continue to fulfil their intended purpose and remain in line with local market practice. Independent valuations of the total collateral for the mortgaged loans is \$30 million (2014:\$33 million).

Liquidity risk

Liquidity risk is the risk that the Trust will not be able to meet its financial obligations as they fall due.

Management of liquidity risk

Distributions will be paid from Trust income.

The income generated by the Trust in respect of cash units is derived from interest received from the cash management account. Income distributions are paid monthly in arrears. Cash units are able to be redeemed at any time. All amounts invested in cash units are retained in an at-call cash management account.

The income generated by the Trust in respect of a particular loan unit is derived from the interest paid by the borrowers in respect of the associated loan or from prepaid interest. Income distributions from cash units are paid monthly in arrears. Income distributions from loan units are paid quarterly in arrears. Loan units are able to be redeemed only at the expiry of loan term after all principal amounts have been received from the borrower.

Independent Auditor's Report To the Members of Balmain Discrete Mortgage Income Trusts

We have audited the accompanying financial report of Balmain Discrete Mortgage Income Trusts (the "Trust"), which comprises the statement of financial position as at 30 June 2015, the statement of profit or loss and other comprehensive income and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of the Responsible Entity of the Trust.

Directors of the Responsible Entity' responsibility for the financial report

The Directors of the Responsible Entity of the Trust are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001. The Directors of the Responsible Entity's responsibility also includes such internal control as the Directors of the Responsible Entity determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. The Directors of the Responsible Entity also state, in the notes to the financial report, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require us to comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

Grant Thornton Audit Pty Ltd ABN 94 269 609 023
ACN 130 913 594
a subsidiary or related entity of Grant Thornton Australia Ltd ABN 41 127 556 389

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Ltd is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Liability limited by a scheme approved under Professional Standards Legislation. Liability is limited in those States where a current scheme applies.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Trust's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors of the Responsible Entity, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

Auditor's opinion

In our opinion:

- a the financial report of Balmain Discrete Mortgage Income Trusts is in accordance with the Corporations Act 2001, including:
 - i giving a true and fair view of the Trust's financial position as at 30 June 2015 and of its performance for the year ended on that date; and
 - ii complying with Australian Accounting Standards and the Corporations Regulations 2001; and
- b the financial report also complies with International Financial Reporting Standards as disclosed in the notes to the financial statements.
